Bob Palmer

BUILDING CHAIRMAN:

Dave Heisley

Next Meeting
4 Oct at 7:00 PM
BBQ at 6:00 PM

The Crow-Mag Flyin was a big success! There were 14 planes. Sadly, it was marred by the crash of the 1929 Travel Air on takeoff which ended the Fly-in.

There were two fly-ins this last month: one at Crow-Mag field and one at Hobby Field! Both were a great success. Pictures of each are shown:

& 4

Sept. Minutes: 3 - 4

For Sale: 5

Pictures of the Hobby Field Fly-in:

Mike Benedict presented **Bill Robinet** with the Orville and Wilbur Wright Brothers Master Pilot Award the September meeting.

Minutes of meeting (6 September 06)

The meeting started with our great hamburger/hotdog Bar-B-Q party at 6:00. The first order of business was a self-introduction where the mic was passed and the members and guests took turns introducing themselves. New members George Harvey and Bill Dewey were again present. Welcome to you both! Meeting called to order at 7:05 PM by President Bruce Curtis with VP Dave Petersen and Sec./Tres. Randy Stout present. 30 members and guests.

Dave Petersen rose to speak about the EAA Chapter 31 Fly-In and Air show that we will be holding on September 9th and 10th. He then asked for volunteers for various duties. He reminded all pilots who will be flying Young Eagles to have the \$1,000,000 insurance in effect. Randy reported that Tim Talen will be gone and unable to provide the start of a fly-market for the event.

President Bruce reminded everyone about the regular breakfast that Chapter 31 holds monthly, and the date this month will be 9/10 and will be a Young Eagle event in conjunction with the Fly-In and Air Show. Ben Hallert gave a quick web cam report. No action yet, but stay tuned. Ben is on it!

Rusty Bartel again reminded everyone to respond to Shelly's Auto Gas questionnaire (hopefully in a positive way) for Creswell Airport to begin handling the stuff, instead of Jet A.

Entertainment for the evening consisted of having Mike Benedict from the FAA GADO present Bill Robinet with the Orville and Wilbur Wright Brothers Master Pilot Award. This award is presented to people who have flown for 50 continuous years without any violations or accidents. Congratulations Bill! See Saturday's paper (9-23-06) for a nice note about this important event in the City/Region section.

There being no other business, the meeting was adjourned at 8:20PM

Respectfully submitted,

Randy Stout, Secretary/Treasurer
